

UB Universal Buoys

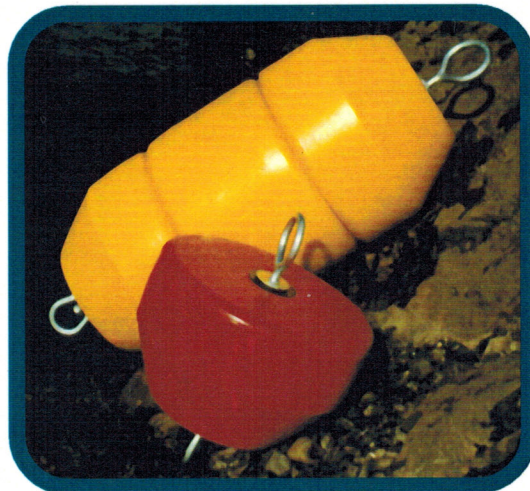

The Cipax Universal Buoys are reliable, foamfilled buoys.

They are mainly used for mooring leisure boats, but are also an excellent choice for various marking purposes.

The buoys are unsinkable and fitted with galvanized steel through rod and swivel.

Sizes from 30 up to 150 kg net buoyancy.

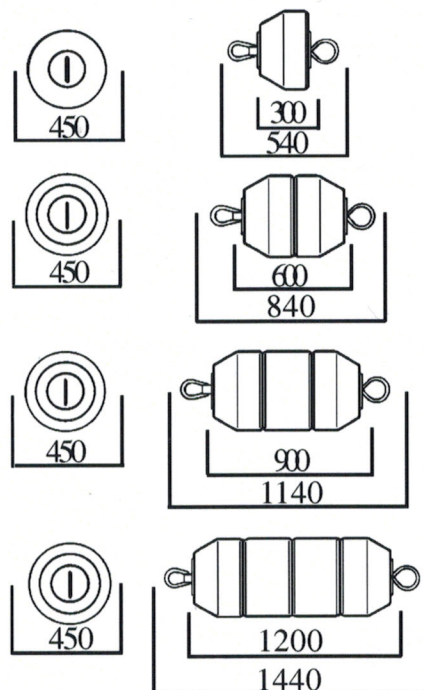

TECHNICAL SPECIFICATIONS

Art.no.	Diameter mm	Length mm	Weight kg	Buoyancy kg
UB 30	450	540	6	34
UB 70	450	840	10	70
